

double-layer hollow glass soundproof casement windows Replacement for balcony

Our Product Introduction

for more products please visit us on aluminiumwindowdoor.com

Basic Information

- Place of Origin: China
- Brand Name: Lloyd
- Certification: CE
- Model Number: 110 serie Casement Window
- Minimum Order Quantity: 2
- Price: USD115/
- Packaging Details: EPE Foam wrapped
- Delivery Time: 25-30days
- Payment Terms: L/C, T/T, Western Union, PayPal
- Supply Ability: 10000

Product Specification

- Material: 2.0mm Thick Aluminium
- Hardware: CMECH
- Glass: 5+20+5mm Double Clear Tempered Glass
- Design: According To Confirmed Drawing
- Accessory: Fly Net / Fly Curtain / High Downtrack (For Water-proof)
- Package: EPE Foam Wrapped
- Installation Method: Full Frame Replacement
- Highlight: balcony soundproof casement windows, balcony casement windows, soundproof casement windows

New Soundproof Aluminium Alloy Frame Casement Windows Replacement

Technical Data:

1. Double Glaze Double Clear Tempered Glass
2. U Factor = 0.28-0.38 Size depending.
3. Modular swivel-tilt mounting system with concealed hinges
4. Simple and intuitive operation
5. The 2.0mm wall thickness guarantees greater stability and durability of the window and increased protection against noise and temperature changes.

Casement Window Technology

Aluminum is resistant to rust, corrosion, and weathering, making it ideal for various climates. Its strength-to-weight ratio allows for larger window sizes without compromising structural integrity. Modern aluminum windows often include thermal breaks—insulating materials placed between the interior and exterior frames to reduce heat transfer. Applying low-emissivity (Low-E) glass helps minimize heat loss and improve energy efficiency. Advances in manufacturing allow for narrower frames, maximizing glass area for better views and natural light. Aluminum can be powder-coated in various colors and finishes, enhancing aesthetic options while providing protection against fading.

Features:

1. Design: They are often tall and narrow, providing a clear view and maximizing ventilation.
2. Versatile Opening: They can be opened fully to allow maximum ventilation, making them ideal for fresh air circulation.
3. Operation: Casement windows open outward like a door, allowing for better airflow compared to sliding windows.
4. Variety of Styles: Available in various styles, they can match different architectural aesthetics.
5. Security Features: Many casement windows come with multi-point locking systems, enhancing security.

What are the advantages of casement windows?

1. The design allows for secure locking mechanisms, which can improve safety.
2. Many modern casement windows are designed with durable materials that require minimal upkeep.
3. Their clean lines and modern look can enhance the overall appearance of a home.
4. Typically operated with a crank, making them easy to open and close, even in hard-to-reach places.
5. Aluminum casement windows are strong, lightweight, and resistant to corrosion, making them suitable for coastal or high-humidity areas.

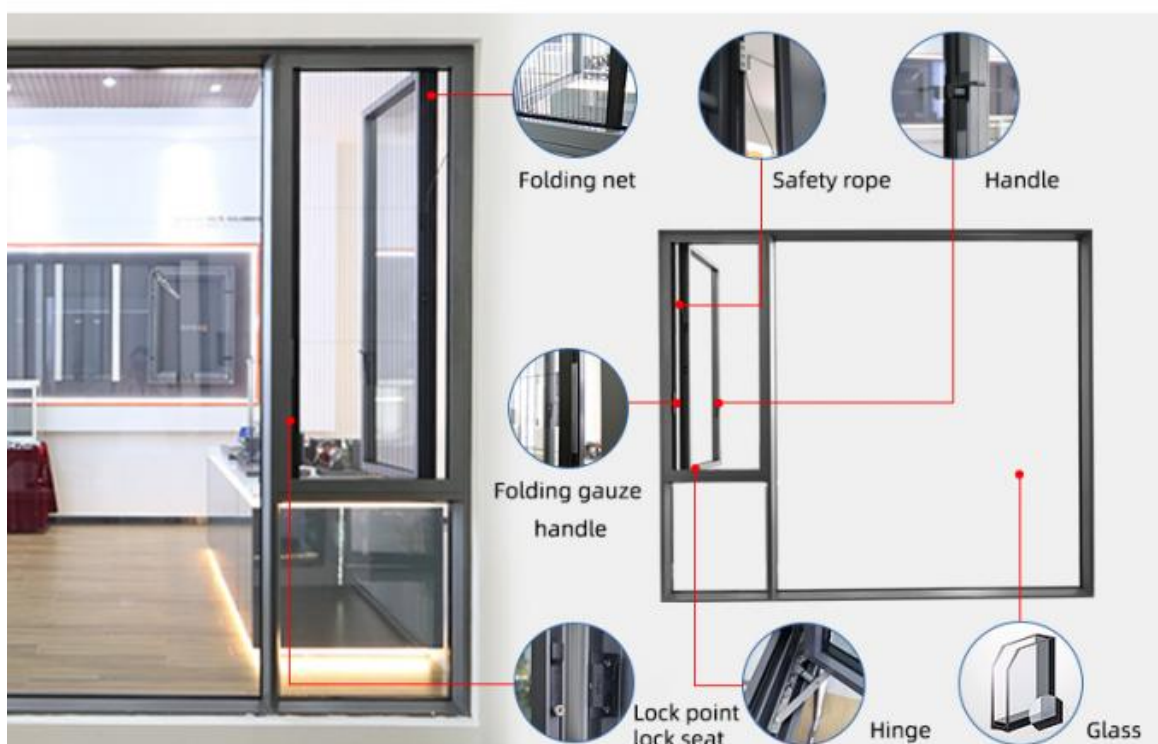

Product Parameters:

SERIES	110 serie Casement Window
BRAND	Eloyd
PROFILE	6063# T5 aluminum alloy profiles
THICKNESS	2.0mm aluminium thickness
GLASS	5mm+20A+5mm Double Tempered Glass
HARDWARE	Gingle Handle
SURFACE TREATMENT	Powder Coating, Anodized
