Hurricane Impact Aluminum Double Glazed Casement Windows Replacement

Ultimate Casement Narrow Frame

1. Exterior is made with extruded aluminum for proven strength and versatility.
2. For openings up to 2.5 feet wide and 6.5 feet high
3. Choose from a wide array of finish, color, hardware, glass, and glazing profile options to complement any architectural style or design vision.
4. Modern style windows with a sleek design and square shape
5. Hidden Lock Status Sensor option connects with your smart home to indicate when windows are closed and locked.

What is the casement windows?

1. Aluminum frames are resistant to rust and corrosion, ensuring longevity in various climates.
2. Built to withstand harsh weather conditions, making them suitable for coastal areas.
3. Many aluminum casement windows include thermal breaks that reduce heat transfer, enhancing energy efficiency.
4. They can be fitted with low-emissivity glass to minimize heat loss and improve insulation.
5. Narrow frames maximize glass area, providing unobstructed views and allowing more natural light.

Technical Data:

1. Double Glaze Double Clear Tempered Glass
2. U Factor = 0.28-0.38 Size depending.
3. Modular swivel-tilt mounting system with concealed hinges
4. Simple and intuitive operation
5. The 3.4mm wall thickness guarantees greater stability and durability of the window and increased protection against noise and temperature changes.

Features:

1. Design: They are often tall and narrow, providing a clear view and maximizing ventilation.
2. Versatile Opening: They can be opened fully to allow maximum ventilation, making them ideal for fresh air circulation.
3. Operation: Casement windows open outward like a door, allowing for better airflow compared to sliding windows.
4. Variety of Styles: Available in various styles, they can match different architectural aesthetics.
5. Security Features: Many casement windows come with multi-point locking systems, enhancing security.
