

House Windows Modern Design Hurricane Impact Aluminum Tilt And Turn Windows

Our Product Introduction

for more products please visit us on aluminiumwindowsdoor.com

Basic Information

- Place of Origin: China
- Brand Name: Loyd
- Certification: CE
- Model Number: 100 Tilt And Turn Window
- Minimum Order Quantity: 2
- Price: USD78/
- Packaging Details: EPE Foam wrapped
- Delivery Time: 25-30days
- Payment Terms: L/C, T/T, Western Union, PayPal
- Supply Ability: 10000

LOYD

Product Specification

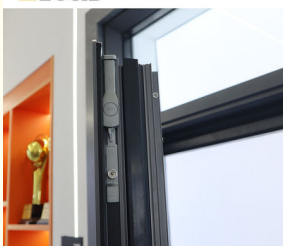

- Customization Options: Color, Size, Design
- Frame Type: Tilt And Turn
- Glass: 5+24A+5mm Double Clear Tempered Glass
- Material: 2.0mm Aluminium Thickness
- Design: According To Confirmed Drawing
- Accessory: Fly Net / Fly Curtain / High Downtrack (For Water-proof)
- Package: EPE Foam Wrapped
- Installation Method: Full Frame Replacement
- Warranty: 10 Years
- Highlight: Aluminum Tilt And Turn Windows

House Windows Modern Design Hurricane Impact Aluminum Tilt And Turn Windows

Features:

1. Provides good sound insulation, creating a quieter indoor environment.
2. Designed to withstand harsh weather conditions, ensuring longevity.
3. allowing fresh air while maintaining security.
4. allowing for larger window sizes without compromising structural integrity..
5. improving insulation and energy performance.

Technical Data:

1. Material: 6063# T5 aluminum
2. U Factor = 0.25-0.38 Size depending.
3. Tilt operation allows the window to open inward from the top.
4. Usually rated for 15-30 PSF, indicating resistance to water infiltration.
5. Resist fading and chipping.

What is a Tilt And Turn Window?

Tilt and Turn Windows are a versatile window style that offers two distinct opening modes: tilting inwards from the top for ventilation and swinging open like a door from the side. Aluminum tilt and turn windows are ideal for both residential and commercial buildings, making them a popular choice for modern architecture. They work well in high-rise apartments, office buildings, and homes where both function and style are desired. Aluminum tilt and turn windows blend modern design with functionality, offering a secure, energy-efficient, and aesthetically pleasing solution for various applications. Their dual-opening capabilities and durable construction make them an excellent choice for contemporary living and working spaces.

What are the advantages of Tilt And Turn Window?

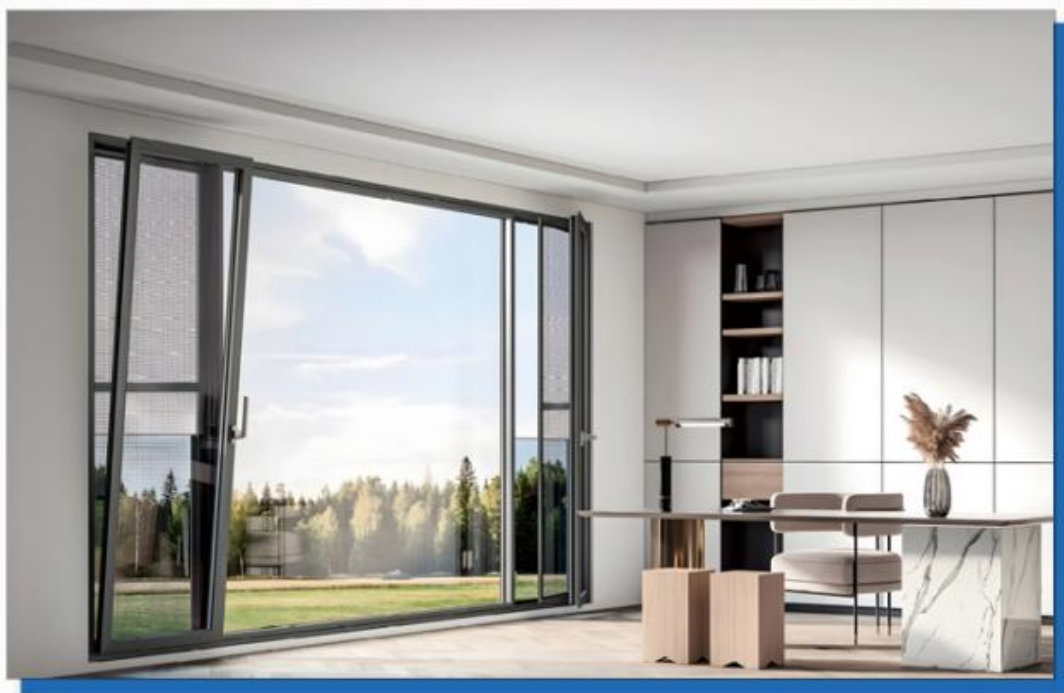

1. The ability to tilt for controlled ventilation or fully turn open allows for flexible airflow management
2. This feature makes cleaning the exterior glass easy from inside the building
3. Provides improved security with multiple locking points
4. Many models feature thermal breaks and low-E glass options
5. Since the windows open inwards, they don't require additional space outside

Product Parameters:

SERIES	100 Tilt And Turn Window
BRAND	Eloyd
PROFILE	6063# T5 aluminum alloy profiles
THICKNESS	2.0mm aluminium thickness
GLASS	5+24A+5mm Double Clear Tempered Glass
