Commercial Applications Hurricane Proof Aluminum Folding Patio Glass Doors For Houses Interior

Technical Data:

1. 6063-T5 aviation grade aluminum
2. Broken bridge aluminum alloy profile
3. Sound insulation and heat preservation
4. Waterproof and hurricane resistance
5. Optional motorized blinds
6. Both sliders open
7. Metal wall thickness: 2 mm,
8. Custom color coating finish
9. Insulated double pane tempered glass with argon inside

FAQ

Q1: Are aluminum folding doors energy-efficient?

Most models feature thermal breaks and can be equipped with energy-efficient glazing options, such as double or triple glazing and Low-E coatings, to improve thermal performance.

Q2: What is the typical lifespan of aluminum folding doors?

With proper maintenance, aluminum folding doors can last for 30 years or more, depending on usage and environmental conditions.

Q3: Do aluminum folding doors require special installation?

It's recommended to have them professionally installed to ensure proper alignment and operation.

Q4: Can aluminum folding doors be installed in existing openings?

Yes, they can be retrofitted into existing openings, but structural modifications may be required depending on the size and configuration.

Q5: What styles of aluminum folding doors are available?

They come in various styles, including different panel configurations (e.g., two-panel, three-panel, or multi-panel setups) and finishes that can match your home's decor.

What is a aluminum folding door ?

Aluminum folding doors, also known as bi-fold doors, are a stylish and functional option for creating flexible living spaces. They consist of multiple panels that fold and stack to one or both sides, allowing for wide openings and seamless transitions between indoor and outdoor areas. Aluminum folding doors combine modern design and functionality, making them an excellent choice for enhancing indoor-outdoor living spaces. Their durability, energy efficiency, and aesthetic versatility make them suitable for both residential and commercial applications.

Why choose Eloyd Windows and Doors ?

1. Raw aluminum profiles

Corrosion resistance, good oxidation resistance, higher strength

2. Insulated tempered glass

3C quality certified automotive grade glass, strong pressure resistance, not easy to explode

3. German RUNAS hardware

Anti-stretching and anti-aging, good sealing and overlapping effect, long-lasting and stable performance

4. PICC China PICC Underwriting

All products of Eloyd doors and windows have passed the inspection by the national quality inspection and supervision department and are insured by China PICC. Buy with confidence and use with confidence.
