Commercial Picture Window Store Corner Glass Aluminum Fixed Windows

Fixed Windows

Fixed windows are non-operable windows that do not open or close. They are designed primarily to provide natural light, enhance views, and improve the aesthetic appeal of a space. Fixed windows are an excellent option for enhancing natural light and views while providing durability and energy efficiency. Their aesthetic appeal and versatility make them a popular choice for various architectural applications. Adds beauty to both the interior and exterior of a home, creating a modern and elegant look. Many fixed windows feature low-emissivity coatings that help control heat gain and loss. Built to withstand various weather conditions without the wear that moving parts might experience.

Technical Data:

1. Single, Double, Triple Glazing
2. U Factor = 0.28-0.38 Size depending.
3. Typically ranges from 0.25 to 0.35, indicating good thermal performance.
4. Widths generally range from 24" to 48", and heights from 36" to 72".
5. The 2.0mm wall thickness guarantees greater stability and durability of the window

Features:

1. *Design:* They are often tall and narrow, providing a clear view and maximizing ventilation.
2. *Versatile Opening:* They can be opened fully to allow maximum ventilation, making them ideal for fresh air circulation.
3. *Operation:* Casement windows open outward like a door, allowing for better airflow compared to sliding windows.
4. *Variety of Styles:* Available in various styles, they can match different architectural aesthetics.
5. *Security Features:* Many casement windows come with multi-point locking systems, enhancing security.

Why choose Eloyd Windows and Doors ?

1. Raw aluminum profiles

Corrosion resistance, good oxidation resistance, higher strength

2. Insulated tempered glass

3C quality certified automotive grade glass, strong pressure resistance, not easy to explode

3. German RUNAS hardware

Anti-stretching and anti-aging, good sealing and overlapping effect, long-lasting and stable performance
