Heat Insulation Sash Aluminium Kitchen Windows Anti Aging Scandinavian Style

casement window

Broken bridge structure, panoramic view, high load bearing. Increase the wall thickness of the profile to ensure strength. The safety fence is be opened, and the safety protection is always in mind. It is flexible, practical, and has excellent stability performance. Floor drain drainage, more smooth and beautiful. Effectively drain water to avoid backflow and blockage. Ordinary doors and Windows use corner code cementing process which has great defects in the process. Single-side glue, in the event of big wind and rain doors and Windows will be due to the gap and water seepage. And the internal corrosion, seriously shorten the life of doors and Windows. Our window sashes have safety corners all around them. Prevent collision safety, intimate; The sash is welded with full welding, and after grinding. Seamless and smooth, beautiful and generous.

Technical Data:

1. Single, Double, Triple Glazing
2. U Factor = 0.28-0.38 Size depending.
3. aluminum often features thermal breaks for insulation.
4. Low-E Coatings Available for enhanced energy efficiency.
5. The 2.0mm wall thickness guarantees greater stability and durability of the window

Features:

1. Design: They are often tall and narrow, providing a clear view and maximizing ventilation.
2. Versatile Opening: They can be opened fully to allow maximum ventilation, making them ideal for fresh air circulation.
3. Operation: Casement windows open outward like a door, allowing for better airflow compared to sliding windows.
4. Variety of Styles: Available in various styles, they can match different architectural aesthetics.
5. Security Features: Many casement windows come with multi-point locking systems, enhancing security.

Why choose Eloyd Windows and Doors ?

1.Raw aluminum profiles

Corrosion resistance, good oxidation resistance, higher strength

2. Insulated tempered glass

3C quality certified automotive grade glass, strong pressure resistance, not easy to explode

3. German RUNAS hardware

Anti-stretching and anti-aging, good sealing and overlapping effect, long-lasting and stable performance
