- Glass Thickness: 5mm+27A+5mm Double Tempered Glass
- Profile: 6063# T5 Aluminium Alloy Profiles

Product Description

Product Description:

Not only is the aluminium frame designed to withstand the elements, but the fine mesh screens effectively keep insects and pests out while allowing air to flow freely. Screens can be custom-made to fit specific window sizes and shapes, ensuring a perfect fit for your casement windows. This feature allows for maximum airflow without the risk of insects entering the home.

The Scandinavian design style of the Eloyd Casement Window Replacement product is a sleek and modern addition to any home upgrade. Not only does it provide an aesthetic appeal, but it also serves a function in heat insulation.

Upgrade your home with the Eloyd Casement Window Replacement product and enjoy the benefits of a custom-made screen and heat insulation. The aluminium window profile and car window trim are designed to fit perfectly with your existing casement windows, providing a seamless upgrade to your home.

Applications:

Eloyd's 125 series Casement Window is a high-quality product that is designed to meet the needs of modern homeowners who want to upgrade their windows. It is made of 2.0mm thick aluminium, which ensures durability and strength. The product is certified with CE, which means it meets the highest standards of quality and safety.

The product is manufactured in China, where it undergoes rigorous testing and quality control before being shipped. The minimum order quantity for this product is 2 , and the price is USD115/. The payment terms accepted are L/C, T/T, Western Union, and PayPal. The supply ability for this product is 10000 , and the delivery time is 25-30 days. The packaging details for the product include EPE foam

wrapping to protect it during transportation.

The design style of the Eloyd 125 series Casement Window is Scandinavian, which means it is simple, clean, and functional. The surface treatment options available for this product are powder coating and anodized. This allows customers to choose the finish that best suits their home's aesthetic. The product packaging, sorting, dispatch, confirmation of goods, logistics unloading, and buyer receiving is done through a clear and trackable logistics process.

The Eloyd 125 series Casement Window is perfect for a variety of application occasions and scenarios. It can be used in residential homes, commercial buildings, and industrial facilities. The product is ideal for customers who want to upgrade their existing windows with a modern and stylish design. The aluminium window profile and aluminium window spacer make this product an excellent choice for those who want to improve the energy efficiency and security of their property.
