Product Description

Product Description:

Our windows are engineered to the highest standards, with a 2.0mm wall thickness that guarantees greater stability and durability of the window. They are available in single, double, or triple glazing, with U Factor ranging from 0.28-0.38 depending on the size of your window. The aluminium frame often features thermal breaks for insulation, making it the perfect choice for those who want an energy-efficient window that reduces heat loss.

With the option of Low-E Coatings, our windows help to reduce energy costs and enhance energy efficiency. You can rest assured that the Eloyd Aluminium Glass Window is not only stylish but also practical, keeping your home warm in the winter and cool in the summer. We pride ourselves on our project experience and high-quality windows and doors. Our engineering quality assurance ensures that you receive only the best products, backed by our One-stop supply of windows and doors, installation tutorial, and after-sales service. We also offer delivery and shipment, giving you a hassle-free experience.

Upgrade your home with the Eloyd Aluminium Glass Window, the perfect solution for your Car Window Trim needs. Contact us today to learn more about our range of aluminium windows and doors!
