## Product Description

### Product Description:

The Casement Window Replacement product offers a range of Technical Data options to choose from including Single, Double, or Triple Glazing depending on your needs. The glass used is 5+27A+5mm Double Clear Tempered Glass which ensures durability and longevity. Additionally, Low-E Coatings are also available for enhanced energy efficiency which helps you save on electricity bills.

The U Factor of this product ranges from 0.28-0.38 depending on the size of the window which means that it is designed to provide excellent insulation. This technical data makes it a perfect choice for homes and offices that are looking to reduce their energy consumption and carbon footprint.

Our Casement Window Replacement product is not just a standard window replacement, it is also a design upgrade that adds a touch of sophistication to your living or work space. The Scandinavian design style is known for its simplicity, minimalism, and functionality. This product reflects these design principles and is perfect for those who appreciate modern design and functionality.

In addition to its technical specifications, this product also offers a great deal of security as it comes with the option of a Bullet Proof Window Screen. This feature ensures that your home or office is protected from any potential break-ins or intruders.

Overall, our Casement Window Replacement product is a great investment for those who are looking for a modern, stylish, and energy-efficient window upgrade. Its technical data options, Scandinavian design style, and security features make it stand out from other window replacements in the market. Upgrade your space with this product today!

### Applications:

Eloyd 125 series Casement Window is a high-quality replacement solution for your old and worn out windows. With CE certification and origin from China, these windows are designed with Scandinavian style and built with durable aluminum window profile. The low U-factor of 0.28-0.38 depending on the size of the window ensures a high level of energy efficiency and insulation.

The Casement Window Replacement product has a versatile range of application occasions and scenarios. It is suitable for both residential and commercial buildings, including apartments, villas, offices, and shops. The product's custom-made screens ensure a perfect fit for each window, providing better ventilation and insect protection for a comfortable indoor environment.

Eloyd's Casement Window Replacement is a perfect choice for homeowners who want to upgrade their old and inefficient windows. The high-quality Audi Replacement Glass used in the windows provides clear visibility and adds an extra layer of security to your home.

Moreover, the bottom hung casement window is easy to operate and clean, making it a popular choice for bedrooms and living rooms. The Eloyd Casement Window Replacement has a minimum order quantity of 2 , and the price is USD115/ . The payment terms include L/C, T/T, Western Union, and PayPal. The product has a supply ability of 10000 and a delivery time of 25-30 days. The windows are well-protected during transportation and arrive at your doorstep wrapped in EPE foam.

With Eloyd's Casement Window Replacement, you can enjoy a hassle-free installation process and excellent after-sales service. The aluminum often features thermal breaks for insulation, making it a more sustainable and eco-friendly option. The product is built to last and will provide you with years of comfort and satisfaction.
