

CE Certified Slim Narirow Frame Casement Window Hurricane Proof Sound Insulated Tilt Turn Aluminum Windows

Our Product Introduction

for more products please visit us on aluminiumwindowdoor.com

Basic Information

- Place of Origin: China
- Brand Name: Eloyd
- Certification: CE
- Model Number: 110 Tilt And Turn Window
- Minimum Order Quantity: 2
- Price: To be determined
- Packaging Details: EPE Foam wrapped
- Delivery Time: 25-30days
- Payment Terms: L/C, T/T, Western Union, PayPal
- Supply Ability: 10000

Product Specification

- Application: Courtyard
- Design Style: Modern
- Material: 2.0mm Aluminium Thickness
- Glass: Glass: 5+27A+5mm Double Clear Tempered Glass
- Design: According To Confirmed Drawing
- Accessory: Fly Net / Fly Curtain / High Downtrack (For Water-proof)
- Package Method: EPE Foam Wrapped
- Installation Method: Full Frame Replacement
- Stainless Steel: 10 Years
- Highlight: CE Certified Tilt Turn Aluminum Windows, Hurricane Proof Tilt Turn Aluminum Windows, Sound Insulated Tilt Turn Aluminum Windows

The whole set of locking hardware uses Germany **VBH** hardware accessories

VBH Handle

VBH's products not only meet the practicability, but also integrate more artistic design elements. The hardware styles are diverse, which is both beautiful and practical.

Aluminium Double Glazed Hinged Tilt Turn Windows For Home Office

What are the advantages of Tilt And Turn Window?

1. Made from high-quality aluminum, these windows resist corrosion and are built to withstand various weather conditions
2. The sleek lines and various color options enhance the visual appeal of any building
3. Available in different sizes and finishes
4. The design contributes to good sound insulation
5. The inward opening does not require additional space outside, making them ideal for areas with limited clearance.

Technical Data:

1. Low-e double glazing
2. Rounded shapes of frames and sashes provide an attractive and modern appearance
3. Certified burglar resistance for effective protection!
4. An environmentally-friendly system due to the use of lead-free stabilizers
5. delicate bevels and slants give the profiles a modern and elegant look.

What is a Tilt And Turn Window?

High-performance aluminum gives European-style tilt and turn windows an elegant presence in a sleek, stylish European design that is suitable for both commercial and high-end residential applications. It is the ideal material for building a tight seal that minimizes the infiltration of air, water and noise. Energy-efficient European-style tilt and turn windows will pay for themselves by helping you reduce heating and cooling costs. The new design has a major impact on technical properties such as thermal and acoustical insulation. Tilt and turn windows, as its name implies, have dual function handle allowing window to "tilt" inward (position C) for ventilation, and "turn" (position D) for easy cleaning. The turn design works excellent as an escape point in case of emergency.

Features:

1. Provides good sound insulation, creating a quieter indoor environment.
2. Designed to withstand harsh weather conditions, ensuring longevity.
3. allowing fresh air while maintaining security.
4. allowing for larger window sizes without compromising structural integrity..
5. improving insulation and energy performance.
