

Eloyd House Customized Aluminum Glass Sliding Door Otherdoors Exterior Slide Windows and Doors for Sales

Our Product Introduction

for more products please visit us on aluminiumwindowdoor.com

Basic Information

- Place of Origin: China
- Brand Name: Eloyd
- Certification: CE
- Model Number: 56 serie sliding door
- Minimum Order Quantity: 2
- Price: USD78/
- Packaging Details: EPE Foam wrapped
- Delivery Time: 25-30days
- Payment Terms: L/C,T/T,Western Union,PayPal
- Supply Ability: 10000

Product Specification

- Opening Direction: Left/Right
- Installation Method: Surface Mount
- Material: 2.2mm/3.0mm Thick Aluminium
- Glass: 5+20A+5mm Double Clear Tempered Glass
- Design: According To Confirmed Drawing
- Drawings: 3D Design Drawings
- PackageMethod: EPE Foam Wrapped
- Hardware: BOGO Hardware
- Stainless Steel: 10 Years

Product Description

Eloyd House Customized Aluminum Glass Sliding Door Otherdoors Exterior Slide Windows and Doors for Sales

Strong practicality: Sealing, sound insulation and durability all in one

Excellent sealing performance

Multi-seal design: wool strips + silicone sealing strips + magnetic strips, effectively preventing dust and rainwater from seeping in, suitable for areas with strong wind and sand or high humidity (such as coastal cities);

Air tightness: The combination of broken bridge aluminum profiles and EPDM rubber strips reduces the air convection between indoor and outdoor, enhancing the efficiency of air conditioners and heaters.

The sound insulation and noise reduction effect is remarkable

Double-layer insulating glass (such as 5mm+20A+5mm) can reduce noise by 30 to 40 decibels. After being used in street-facing residences or offices, the indoor noise can be controlled below 35 decibels (close to the environment of a library).

Heavy-duty pulley system: Reduces vibration during opening and closing, further lowering noise.

High durability and simple maintenance

Profile corrosion resistance: The surface of the aluminum alloy is treated with anodic oxidation or powder coating, which has strong weather resistance and a service life of more than 15 years.

Smooth pulley: The stainless steel bearing pulley has a strong load-bearing capacity (usually $\geq 200\text{kg}$), and remains smooth even after being opened and closed 500,000 times.

Easy to clean: The glass panel can be wiped clean immediately, and the hidden track reduces dust accumulation.

FAQ

Q1: Are you a factory ?

A: Yes, Our factory covers an area of 30000 and has 500+ employees.

Q2: What is your main product?

A: We can supply the window system (including profile, hardware, accessories, glass) as well as the finished products ready for installation. Q3: How can I know your price?

A: The price is based on buyer's specific requirement, so please provide below information to help us quote exact price to you.

(1) Shop drawing / window schedule to show the window dimensions, quantity and type;

(2) Frame Color Type of glass and thickness (single or double or laminated or others) and color (clear, tinted, reflective, Low-E or others, with Argon or without).

Q4: What is your delivery time?

A: 25-35 days after deposit and drawing confirmed

Q5: What is your warranty ? What do we do in case of problems?

A: 10 years quality warranty is provided, including frame unfading nor peel-off, hardware and accessories working properly under correct operation.

Q6: What kind of service will you provide?

A: We are able to provide online engineering and supervision services to guide the installation of our windows and doors.

Technical Data:

1. 6063-T5 aviation grade aluminum
2. Broken bridge aluminum alloy profile
3. Sound insulation and heat preservation
4. Waterproof and hurricane resistance
5. Optional motorized blinds
6. Both sliders open
7. Metal wall thickness: 2 mm,
8. Custom color coating finish
9. Insulated double pane tempered glass with argon inside

Why choose Eloyd Windows and Doors ?

1. Raw aluminum profiles

Corrosion resistance, good oxidation resistance, higher strength

2. Insulated tempered glass

3C quality certified automotive grade glass, strong pressure resistance, not easy to explode

3. German RUNAS hardware

Anti-stretching and anti-aging, good sealing and overlapping effect, long-lasting and stable performance

4. PICC China PICC Underwriting

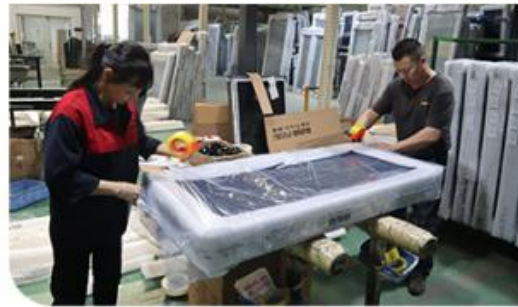

All products of Eloyd doors and windows have passed the inspection by the national quality inspection and supervision department and are insured by China PICC. Buy with confidence and use with confidence.

Product Parameters:

SERIES	150 series sliding door
BRAND	Eloyd
PROFILE	6063# T5 aluminum alloy profiles
THICKNESS	3.0mm/8.0mm Thick Aluminium
GLASS	5+22A+5mm Double Clear Tempered Glass
HARDWARE	BOGO Lock & Handle
SURFACE TREATMENT	Powder Coating, Anodized
