

Custom Made House Hotel Office Balcony Aluminium Sliding Glass Doors and windows Bullet Proof Sound Proof Glass Door

Our Product Introduction

for more products please visit us on aluminiumwindowsdoor.com

Basic Information

- Place of Origin: China
- Brand Name: Eloyd
- Certification: CE
- Model Number: 56 serie sliding door
- Minimum Order Quantity: 2
- Price: USD78/
- Packaging Details: EPE Foam wrapped
- Delivery Time: 25-30days
- Payment Terms: L/C,T/T,Western Union,PayPal
- Supply Ability: 10000

Product Specification

- Opening Direction: Left/Right
- Installation Method: Surface Mount
- Material: 2.2mm/3.0mm Thick Aluminium
- Glass: 5+20A+5mm Double Clear Tempered Glass
- Design: According To Confirmed Drawing
- Drawings: 3D Design Drawings
- PackageMethod: EPE Foam Wrapped
- Hardware: BOGO Hardware
- Stainless Steel: 10 Years

Custom Made House Hotel Office Balcony Aluminium Sliding Glass Doors and windows Bullet Proof Sound Proof Glass Door

Strong practicality: Sealing, sound insulation and durability all in one

Excellent sealing performance

Multi-seal design: wool strips + silicone sealing strips + magnetic strips, effectively preventing dust and rainwater from seeping in, suitable for areas with strong wind and sand or high humidity (such as coastal cities);

Air tightness: The combination of broken bridge aluminum profiles and EPDM rubber strips reduces the air convection between indoor and outdoor, enhancing the efficiency of air conditioners and heaters.

The sound insulation and noise reduction effect is remarkable

Double-layer insulating glass (such as 5mm+20A+5mm) can reduce noise by 30 to 40 decibels. After being used in street-facing residences or offices, the indoor noise can be controlled below 35 decibels (close to the environment of a library).

Heavy-duty pulley system: Reduces vibration during opening and closing, further lowering noise.

High durability and simple maintenance

Profile corrosion resistance: The surface of the aluminum alloy is treated with anodic oxidation or powder coating, which has strong weather resistance and a service life of more than 15 years.

Smooth pulley: The stainless steel bearing pulley has a strong load-bearing capacity (usually $\geq 200\text{kg}$), and remains smooth even after being opened and closed 500,000 times.

Easy to clean: The glass panel can be wiped clean immediately, and the hidden track reduces dust accumulation.

Technical Data:

1. 6063-T5 aviation grade aluminum
2. Broken bridge aluminum alloy profile
3. Sound insulation and heat preservation
4. Waterproof and hurricane resistance
5. Optional motorized blinds
6. Both sliders open
7. Metal wall thickness: 2 mm,
8. Custom color coating finish
9. Insulated double pane tempered glass with argon inside

Why choose Eloyd Windows and Doors ?

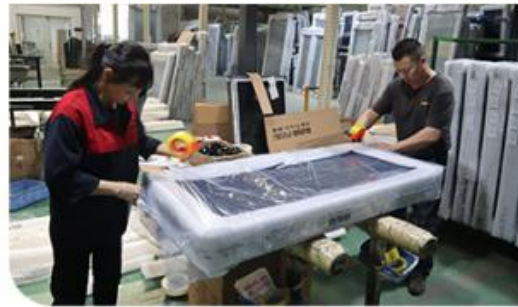

1. Raw aluminum profiles
Corrosion resistance, good oxidation resistance, higher strength
2. Insulated tempered glass
3C quality certified automotive grade glass, strong pressure resistance, not easy to explode
3. German RUNAS hardware
Anti-stretching and anti-aging, good sealing and overlapping effect, long-lasting and stable performance
4. PICC China PICC Underwriting
All products of Eloyd doors and windows have passed the inspection by the national quality inspection and supervision department and are insured by China PICC. Buy with confidence and use with confidence.

Product Parameters:

SERIES	76 series sliding door
BRAND	Eloyd
PROFILE	6063# T5 aluminum alloy profiles
THICKNESS	3.0mm/ Thick Aluminium
GLASS	5+22A+5mm Double Clear Tempered Glass
HARDWARE	BOGO Lock & Handle
SURFACE TREATMENT	Powder Coating, Anodized

Packing and shipping

TRANSPORTATION

Logistics AndTransportation

Clear and trackable logistics process

ELOYD understand the importance of timely andsafe delivery. That's why we offer an efficient logisticsservice, letting you track your order anytime.

Comprehensive door-to-door transportation service

We offer a complete door-to-door transportation service from our factory to your doorstep, aiming to provide you with a pleasant shopping experience.

Packing and delivery process

1. Product Packaging 2. Product Sorting 3. Dispatch 4. Confirmation of Goods 5. Logistics Unloading 6. Buyer Receiving
