Basic Information

- Place of Origin: China
- Brand Name: Eloyd
- Certification: CE
- Model Number: Fixed Windows
- Minimum Order Quantity: 2
- Price: USD115/
- Packaging Details: EPE Foam wrapped
- Delivery Time: 25-30days
- Payment Terms: L/C,T/T,Western Union,PayPal
- Supply Ability: 10000

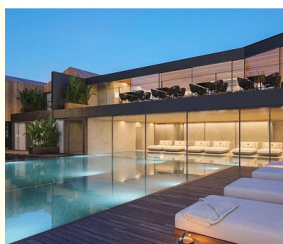

Product Specification

- Shape: Rectangular, Square, Round, Custom
- Size: Standard, Custom
- Glass: 5+20+5mm Double Clear Tempered Glass
- Design: According To Confirmed Drawing
- Thick: 2.0mm Thick Aluminium
- Package: EPE Foam Wrapped
- Installation Method: Full Frame Replacement
- Certifications: CE

Product Description

Premium Thermal-Break Aluminum Fixed Window – Modern Architectural Design

Product Overview

Designed for discerning architects and homeowners, our Premium Thermal-Break Aluminum Fixed Window combines minimalist aesthetics with cutting-edge thermal and structural performance. Ideal for modern residential, commercial, and public buildings, this fixed window provides uninterrupted views, exceptional insulation, and a sleek aluminum profile that enhances any façade.

Key Features

Thermal-Break Technology

Equipped with high-quality polyamide thermal break strips, the window significantly reduces heat transfer, improving indoor comfort and energy efficiency throughout the year.

High Structural Integrity

Manufactured from T5-grade aluminum alloy with a wall thickness of 1.6mm–2.0mm, this fixed window offers excellent resistance to wind load, impact, and corrosion, making it suitable for high-rise or coastal applications.

Air & Water Tightness

Multi-layer EPDM sealing strips and precision corner joining ensure outstanding air and water tightness, complying with international standards for weather resistance.

Glazing Options

Compatible with double or triple glazed units, the window can incorporate low-E, laminated, or tinted glass for enhanced insulation, UV protection, and acoustic control.

Frameless Interior View

The fixed glass sits flush inside the aluminum frame, giving the interior a frameless look. Exterior views remain wide and uninterrupted.

Custom Finish Options

Available in powder-coated, anodized, and wood-grain finishes. Color matching is possible via RAL or custom palettes for a tailored design.

Applications

- Luxury residential villas and condominiums
- Commercial office buildings and lobbies
- Hospitality projects (hotels, resorts, etc.)
- Gallery or showroom façade walls
- Stairwells, corridors, or light wells in modern architecture

Technical Specifications

Specification	Details
Frame Material	High-grade Aluminum Alloy (6063-T5)
Frame Depth	60mm / 75mm / Custom
Glass Options	Double/Triple Glazing, Low-E, Laminated
Thermal Break	Yes (Polyamide Strip 14.8mm or 24mm)
Air Tightness	Class 4 (EN12207)
Water Tightness	Class 8A (EN12208)
Wind Load Resistance	Class C5 (EN12210)
Acoustic Insulation	Up to 42dB (with triple glazing)
Finish Options	Powder Coated, Anodized, Wood Grain

Why Choose This Fixed Window?

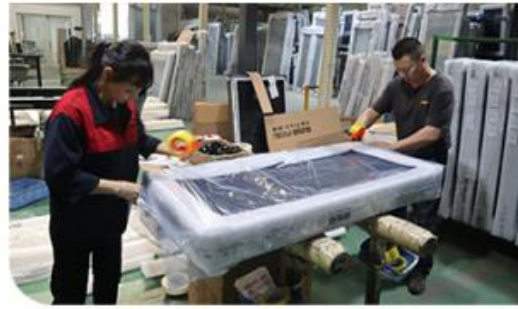

Unlike ordinary fixed windows, this model is engineered for superior thermal insulation, noise reduction, and long-term stability. Its clean lines and robust structure make it suitable for minimalist or high-end modern design projects where performance cannot be compromised.

Customization & Delivery

We support OEM/ODM orders and provide full customization in dimensions, frame finish, glass type, and accessories. Lead times are 15–30 days depending on order volume. Global shipping and export support available.
