

Heavy-Duty Aluminum Sliding Window for High-Rise Projects

Our Product Introduction

for more products please visit us on aluminiumwindowdoor.com

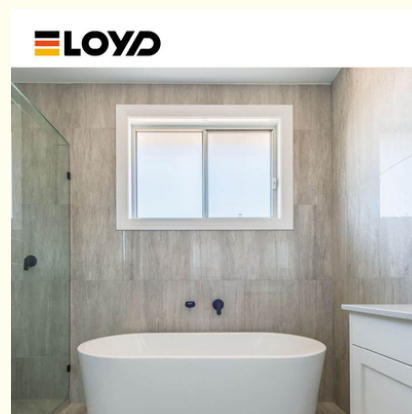

Basic Information

- Place of Origin: China
- Brand Name: LLOYD
- Certification: CE/CSA/AS2047
- Model Number: 110 sliding Window
- Minimum Order Quantity: 2
- Price: USD78/
- Packaging Details: EPE Foam wrapped
- Delivery Time: 25-30days
- Payment Terms: L/C,T/T,Western Union,PayPal
- Supply Ability: 10000

Product Specification

- Color: Black
- Glass Type: Tempered
- Material: 2.0mm Aluminium Thickness
- Glass: Glass:5+20A+5mm
- Design: According To Confirmed Drawing
- Accessory: Fly Net / Fly Curtain / High Downtrack(For Water-proof)
- PackageMethod: EPE Foam Wrapped
- Hardware: BOGO
- Stainless Steel: 10 Years
- Highlight: heavy-duty aluminum sliding window, high-rise sliding window, aluminum window for high-rise projects

Product Description

Heavy-Duty Aluminum Sliding Window for High-Rise Projects

Extended Product Details:

This heavy-duty aluminum sliding window is engineered specifically for high-rise residential and commercial projects. Built with reinforced aluminum frames, it provides excellent structural integrity and can withstand high wind pressures, making it suitable for coastal and storm-prone regions.

The window system supports laminated or tempered safety glass up to 32mm thick, ensuring maximum protection against impact. Multi-point locking systems enhance anti-burglary performance, while thermal break technology helps maintain indoor comfort across varying climates.

The heavy-duty track system uses corrosion-resistant stainless-steel hardware, designed for long service life with minimal maintenance. Advanced sealing systems provide high resistance against water infiltration and air leakage.

Applications:

Widely used in skyscrapers, modern apartment complexes, office towers, and institutional buildings.

Customization:

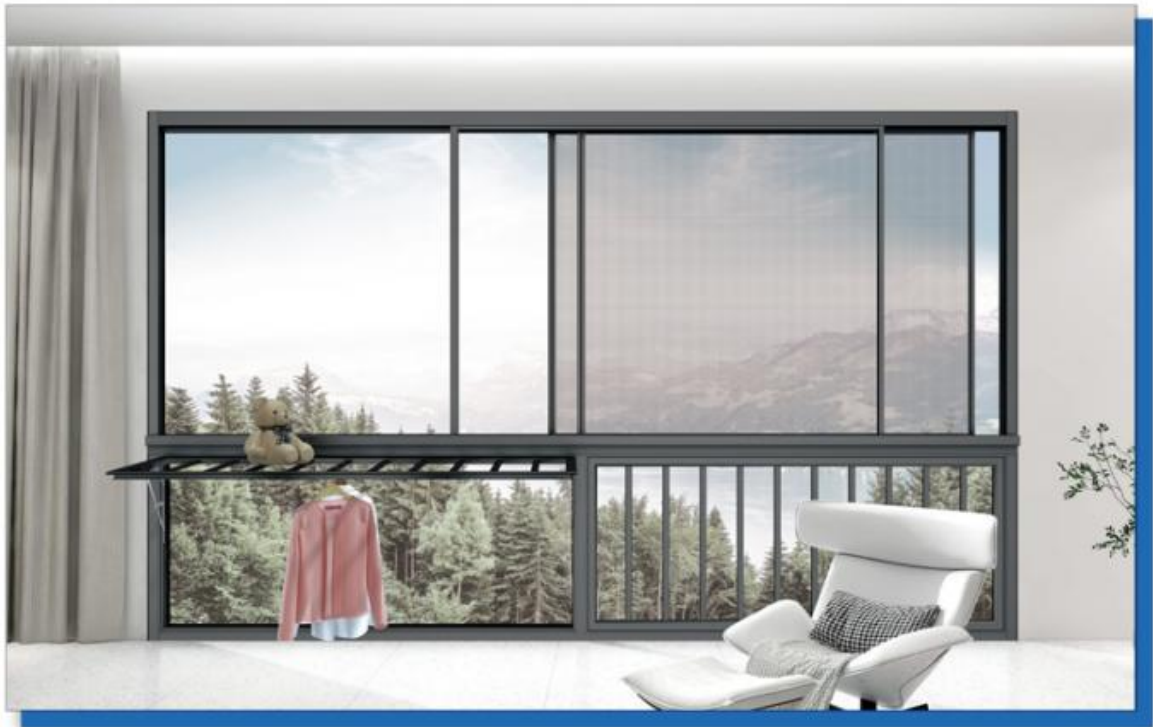

Available in multiple configurations (two-panel, three-panel, or four-panel sliding systems). Finishes include powder coating, PVDF coating for extreme durability, and wood-grain lamination.

Product Parameters:

SERIES	128 sliding Window
BRAND	Eloyd
PROFILE	6063# T5 aluminum alloy profiles
THICKNESS	2.0mm aluminium thickness
GLASS	Glass:5+20A+5mm Double Clear Tempered Glass
HARDWARE	BOGO Lock & Handle
SURFACE TREATMENT	Powder Coating, Anodized

Panoramic sliding window

Warranty service, More than 5 years

Whole house
customization

High efficiency
sound insulation

Multiple seal

Guaranteed
after sale

CE certification

6063 primary aluminum

High quality PA66GF25

European arc line, optional hypotenuse line design

Imported fluorocarbon paint finish

Frame fan inside and outside flush design

Hollow aluminum strip filled with molecular sieve

5+12A+5 large hollow tempered glass

Openable guard rail design

GB304# stainless steel diamond gauze

Industry high-end system window hardware

Sealing process of duck bill strip

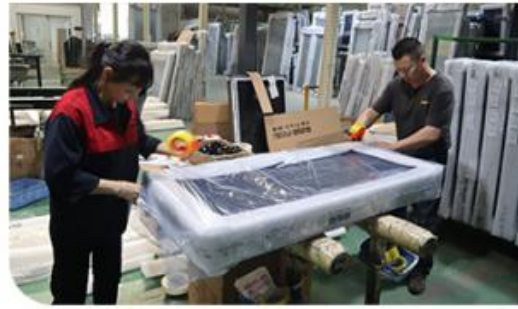

Thermal break isotherm design

Wind pressure resistance: Lv. 9
