Product Description

Smart Aluminum Sliding Window with Automated System

Extended Product Details:

Our smart aluminum sliding window integrates modern automation technology for effortless operation. Equipped with a motorized track system, it allows remote or app-based opening and closing.

The system is compatible with Alexa, Google Home, and other smart-home platforms. It also includes automated locking, rain sensors, and optional solar-powered operation.

The aluminum frame combines strength with minimal maintenance, while double-glazed panels ensure insulation and soundproofing.

Applications:

Perfect for luxury residences, modern offices, and intelligent building projects.

Customization:

Supports manual or fully motorized configurations. Available with fingerprint or smart card access. Multiple finishes and glazing options are offered.
